THE UNIVERSAL CAR

The Ford Sedan, with electric starting
and lighting system, demountable rims
with 3 1/2-inch tires all around, is the
ideal family car because of its general
utility and refined and comfortable
equipment. Finely upholstered. Plate
glass windows. An open car in the
spring, summer, and early fall. A closed
car in inclement weather and winter.
Rain-proof, dust-proof. In the city or
the country, a family car. The low cost
of operation and maintenance is not the
least of its charms. Won't you come in
and look it over?

Welcome Home

LET US HONOR EVERY SOLDIER

LET NO MAN MISS "WELCOME
HOME" NEXT MONDAY.

Home People Should Show Boys Res-
pect Due Them by Helping to
Celebrate the Day.

Let the people of our county turn
out next Monday, September 1st and
assure the kind of "welcome home,"
that our boys that have served in the
past Great War are entitled too,
whether they came home from "over
there" in the first flush of the Coun-
ty's gratitude, with the glory of Can-
tigny and Chateau-Thierry in an al-
most visible halo around them, or re-
turned from the most unspectacular
service in training camps or stations.

The people of Crawford county
don't want to think of any American
fighter, even if he didn't get a chance
to fight with a bayonet or hand gre-
nade, dropping back unnoticed into
civil life, with no recognition of his
sacrifice.

It is intended that there shall be a
definite program for welcoming the
men back. The welcome should be
county-wide, a worthy expression of
the county's appreciation of loyal,
patriotic service. The men who risked
their lives were not here to see
hundreds of our people crowd our
patriotic meetings; hundreds of women
devoting their daily lives to work
for the Red Cross and thousands of
women and girls diligently knitting
the sweaters, helmets, socks, and other
articles, that were to help keep the
boys comfortable and warm; they
couldn't see the loyal work done in
the Loan drives and other matters
that needed to be done in order to
win the war; didn't see the sacrifice
of the people here at home in order
to save food, save coal and clothing.

These things the boys only know
from being told. These things were
going on while the men were making
tremendous sacrifices; some lost their
very lives, others were injured, but
all gave up their comfortable homes
for service to Our Country. Now
that most of them have returned
home to us let us see that no man
shall return without knowing per-
sonally and feeling deeply the grati-
tude of the people of Crawford county.
Next Monday is our "welcome
day" to them. Let the day be for
them and make every minute one
that will leave pleasant memories in
their minds that will linger with
them to their last days. This is to
be a patriotic day and our duty is to
devote our every effort toward mak-
ing the men our guests and accord
to them every courtesy that they
have so richly earned.

The day will be a holiday for the
people of Crawford county, and all

are invited to join in the events of
the day at Grayling. Following is
the program as arranged:

Program of the Day.
9:00 a. m.—Concert by Grayling's
Citizens Band.

10:00 a. m.—Street parade, to be
lined up about as follows: Officers
of the day mounted. Grayling band.
Colors. Soldiers and sailors. Labor
unions. Fraternal organizations.
Martial music. Grayling fire depart-
ment. Members of the board of su-
pervisors and Village council in au-
tos. Merchants and manufacturers' floats,
decorated autos. Parade will
form at 9:00 a. m. on Chestnut street
near school house in above order and
proceed over the following route:
West on Chestnut avenue; McClellan
avenue to Peninsular avenue; Penin-
sular avenue to Ottawa street; Ot-
tawa street to Railroad street; Rail-
road street to Michigan avenue. They
will proceed down Michigan avenue to
Park street, from there to Ottawa
street and to Spruce street and break
up at the Court yard.

11:00 a. m.—Immediately after the
parade there will be the following
program of speaking at the band
stand. It will open by the band play-
ing America.

Greetings from Grayling—
Mayor Hans Petersen
Greetings from Crawford County—
Wm. S. Chalker, Chm'n Board of
Supervisors

Remarks—Rasmus Hanson
Our Country, Rev. Terhune of Frederic
Our Boys—T. W. Hanson
Our Appreciation—

Rev. Doty, of Grayling
Plenty of time has been provided
between the forenoon program and
afternoon program to enable the peo-
ple and the band to get their noon
meals and enjoy a brief resting with
their friends.

2:30 p. m.—There will be a base
ball game between the fast Grayling
team and the Industrial team of Bay
City. The people here at home know
of the Grayling team and understand
that it will take a pretty good team
to beat them. The Industrial team
of Bay City is classed as the strong-
est independent team in that city and
will certainly come here expecting to
win.

7:00 p. m.—There will be a band
concert at the Band stand.

8:30 p. m.—There will be a dance
at the big school gymnasium, with
Clark's orchestra to furnish the mu-
sic.

There will be no charges for ad-
mission to the Monday ball game nor
dance. At the latter place floor com-
mittees will be on hand to assist the
guests to have a good time and main-
tain order.

This will end the day's festivities.
There will be many other features
not duly stated in this program that
will add to the day's pleasures. The
streets will be decorated better than
they have ever been before and the
business places and homes are re-
quested to "flag out" the very best
they can.

Let everybody turn out and take a
part in the great day. Crawford
county and the Village of Grayling
are jointly paying the expenses and
ask you to be their guests that day.

The soldiers and sailors have been
requested to appear in uniform and
as early as possible to report at the
clerk's office at the Court house where
the names will be registered and in-
formation given.

A SUCCESSFUL PICNIC.

The Sunday School of the Mich-
elson Memorial Church participated in
a unique picnic Tuesday afternoon.
Instead of having the regulation Sun-
day School picnic with hot sun, much
bathing, double eats, this was a Sun-
day School picnic on wheels with the
lunch served at wayside stations.

At three o'clock seventeen autos
filled with one hundred twenty chil-
dren and adults left the church and
drove to the high hill near the reser-
vation overlooking the lake, here all
the folks left the autos and drank
hot cocoa and munches crackers at
what was called Chicago. After this
feed and when many had seen the
lake through field glasses, the autos
took their loads again and started on
the second lap arriving at the New
York station on the Roscommon road
—another hill overlooking Grayling
at four o'clock. This station was
rich with sandwiches and pickles and
some bushels of sandwiches disap-
peared in a few moments.

Again the procession took to the
road and after a fine trip arrived in
Grayling where all enjoyed ice cream
at the home of Mr. and Mrs. Oscar
Hanson. Two hours, much sport,
good feeding, great sight-seeing,
much dust are some of the features
of the Travel picnic. Come to Sun-
day School next Sunday and see what
a moving school is.

THANKS RED CROSS KNITTERS.

Chicago, Ill.,
August 25, 1919.

Miss Anna Nelson,
Crawford County Chapter,
American Red Cross,
Grayling, Michigan.
My dear Miss Nelson:

Please convey to your knitters the
sincere appreciation of Central Divi-
sion for the assistance they have given
in knitting the little garments for the
refugee children.

We know how difficult it has been
to keep the workers' interest from
flagging since the signing of the ar-
mistice, and appreciate all the more
the assistance of those Chapters that
have been willing to help us with this
work.

Very truly yours,
Hesper P. Smith,
Acting Director,
Bureau of Chapter Production.

Samuel Butts.

Samuel Butts, an old resident of
Frederic, died at the American house
at that place, Tuesday, August 19.
He was over seventy years of age
and had been working as a wood-
man in that region for about twenty
years. He was a well known char-
acter about town and was well liked.
The funeral service was preached by
Rev. Cooley of Frederic and interment
was at Woodlawn cemetery.

NOTICE.

If anyone has a room to rent to a
boy, who wishes to attend our High
School, notify M. Otterbein, Phone
No. 582.

CELEBRATE THE RETURN OF OUR SOLDIERS AND SAILORS.

By The Village President.

Nearly all of our boys have re-
turned from their service in the
American army and navy and it
is the desire of all that they be
given a formal welcome home,
and Monday, September 1st, (La-
bor day) has been selected as the
time for which formal acknowl-
edgements should be made of the
splendid service that they have
rendered in behalf of our coun-
try and our homes.

THEREFORE I, President of
the Village of Grayling request
that our people lay aside their la-
bors that day and help to make
the day a memorable one for our
Boys by joining in events of the
day and taking part in the festi-
vities.

Signed, Hans Petersen,
Village President.

SCHOOL WILL OPEN TUESDAY

SEVERAL NEW TEACHERS ON
FACULTY THIS YEAR.

The family time clocks have taken
the places of the old proverbial school
bells, that are familiar to our older
citizens and Grayling is no exception.
Next Tuesday school will open at the
usual hour. Everything is in readi-
ness for the teachers and children
and a big year is looked for.

Our school faculty contains seven
new members this year. Nearly all
of the corps expect to arrive in Gray-
ling on Saturday, August 30, in or-
der to secure suitable rooming and
boarding places. It is very impor-
tant that good homes will be opened
up to our teachers, freely and in suf-
ficient numbers to accommodate all.
First impressions are lasting and we
do not wish it to be necessary for our
teachers to walk the streets for hours
and then possibly in vain to secure a
home.

Grayling has a reputation for do-
ing things right and it will no doubt
give our teachers a cordial welcome
at the end of this week. Such a wel-
come at this time is the kind of ad-
vertising we want as it will help much
in retaining and securing teachers
next spring.

The school faculty for 1919-20 will
be as follows:
Superintendent—M. Otterbein.
Principal—Minnie E. Wells, Benton
Harbor.

Mathematics—Nellie Loss, Vassar.
History—Marguerite Hoyt, Gaylord.
Commercial—Lois Irene Burton, Ypsilanti.
French and English—Marie Macau-
lay, Calumet.

Science—Harold Fox, Ypsilanti.

Gillis, Roscommon.

verine.

Branch.

ling.

FREE METHODIST CHURCH.

Rev. Daniel Skaner, has been as-
signed to the pastorate of the Free
Methodist church at this place, and
also at Kingsley, devoting his time
between the two points. Rev. Skaner
will preach here Sunday, August 31st
morning and evening. The ser-
vices here in Grayling are very en-
couraging. We have a good Sunday
School already organized, and many
more pupils are coming. Sunday
school begins at 8:00 a. m. preach-
ing service at 11:00 a. m. and again
in the evening at 8:00. Every lover
of the true gospel of Jesus Christ is

FIND MICHIGAN MOST ATTRACTIVE

MICHIGAN, "AMERICA'S PLAY-
GROUND" AFFORDS REST AND
PLEASURE TO THOUSANDS.

And Crawford County's Lakes and
Streams Are Ideal for
Resorters.

The fact that the people, especially
of the middle states, are waking up
to the splendid facilities which north-
eastern Michigan, with its many in-
land lakes and its miles of streams
in which good trout fishing is to be
had, offers the most enticing of pro-
positions for a summer outing is evi-
denced by the hundreds of camping
parties which have come into the ter-
ritory this summer and which are
the forerunners of many more to
come between now and the hunting
season.

Every day such parties are to be
seen bound for some quiet spot in the
north, with automobiles and often
with trailers, loaded down with their
camping outfit.

All of these people come with money
to spend and they help to add to
the prosperity of the district, and the
many states from which they hail
are an indication of the fact that
Northeastern Michigan is being well
advertised as a summer resort, while
it is certain that when those who
come once go back to their homes
its fame will be spread further and
further each year.

Two examples of what outsiders
think of the district as a summer re-
sort have been furnished to the
Northeastern Michigan Development
bureau very recently. A party from
New Jersey, who had planned to
spend their vacation on a western
ranch, where the daughter of the
family could get plenty of horseback
riding and out-of-door life, were in-
duced by a friend to try Michigan
instead. They went to a ranch at
Waters, where not only were horses
provided for the riding, but there
was the added inducement of fishing,
bathing and other out-of-door sports,
and at the end of their stay at Wa-
ters they made an automobile trip
which included Mackinaw and the Is-
land, and then a ride down the Huron
shore, taking in Rogers City, Alpena,
East Tawas and Bay City, from
which place they took a train for
home, delighted with their experi-
ence and announcing their determi-
nation to come again.

A short time ago a party of eight
people, bound for the Soo, by auto
were forced to stop at Mio on account
of the illness of one of the ladies in
the party, and although the illness
was slight and the recovery was com-
plete within a day or two, that was
the end of the trip to the Soo, for
during the first two days of enforced
stay, County Clerk Alex. Bisland had
taken the men out on a couple of fish-
ing trips, some of the women in the
party had found that huckleberries
and raspberries were plentiful all
about them and they all decided that
"the Soo didn't have anything on the

spot where they were" and instead
of wasting time on the long, hard
trip to the upper peninsula, they
spent all of their vacation in the vi-
cinity of Mio.

Three young men, fresh from over-
seas service with the A. E. F. left
their homes in Rhode Island with a
big Winton auto on a trip of recrea-
tion and pleasure. They had no des-
tination and stopped to camp when-
ever and wherever their fancy dic-
tated. Practically every night found
them in camp on the shore of some
lake. Their path finally led them to
Lake Margrothe near Grayling, in
Crawford County, where the Hanson
State Military reservation is located.
The place looked good to them and
instead of stopping for a day or two
as they had done at other places be-
tween there and Rhode Island, they
remained six weeks and were loath
to leave and vowed that they would
hereafter spend their summers at
Lake Margrothe. They found ideal
bathing, the finest kind of fishing in
the lake and nearby trout streams
and a climate that, they say, was the
most delightful they had experienced
in all their travels. All three were
college men and they left last week
on their long journey home in order
to resume their college courses.

GRAYLING WALLOPS GLADWIN 2 GAMES

BREAK WINNING STREAK OF
VISITORS WHO GET FIRST
DEFEAT.

Visiting Pitchers Have Poor Support
While Locals Slug Ball.

Gladwin was scheduled for games
last Saturday and Sunday afternoons
and came here by autos. They had
had a wonderful season playing the
best teams within reach of their home
town, each time they came away vic-
torious. They were minus their regu-
lar manager and their star moun-
tain, but nevertheless they looked
good and promised to be pretty hard
competition.

The visitors were first to score in
the Saturday game, making a tally in
the second frame. Grayling dupli-
cated in the third and in the fifth
scored seven. In the sixth Grayling
scored four more and in the seventh
three. This gave the home team 15
scores. It had been a fine game up
to the fifth inning and the seven runs
made that time took the heart out of
the visiting pitcher and after that it
was just one hit after another. Glad-
win had been playing a snappy game
but things did not break well for
them. The Grayling team, an excep-
tionally strong combination of all
home players, played a clever game
up to the last two innings when the
players got careless and did some
pretty loose playing and base run-
ning.

Goode, a former favorite with
Grayling people, who at one time
pitched for Grayling, pitched the Sat-
urday game for Gladwin, with Con-
way as backstop. The Grayling bat-

When it's stormy phone us your Grocery Order

Of course you don't want to get the phone habit. It's so much more satisfactory to come into our store and pick out things for yourself.

But when it's raining or snowing or when something else keeps you indoors it's a comfort to be able to order things without going out of the house. We take special care of phone orders. We fill them promptly and accurately and send them home at once if you are in a hurry.

That's just part of the service we like to give you. We do everything we can to make you feel that our store is a place where it's a real pleasure to buy groceries.

One of our hobbies is telling you about good things and new things.

For example, right now we are suggesting that you try RYZON Baking Powder.

It's a good baking powder, one of the best we've ever had in stock. It's everything a baking powder should be; pure, efficient and always of uniform strength and quality. Fairly priced, too, 40 cents per pound tin. Let us put a pound in your next order and we know you'll be glad we called it to your attention.

The Tax commission placed an equalized valuation of \$3,585,000 upon the properties of Crawford county. At a session held in Lansing August 18, John J. Niederer and Supervisor M. A. Bates appeared before the State Board of equalization and placed before that body reasons why our valuation should be reduced from the figures placed upon it by the Tax commission.

This morning reports of the proceedings of the State board show that the efforts of Messrs Niederer and Bates had been successful and our equalized valuation has been placed at \$3,200,000—a reduction of \$385,000.00.

The equalized valuation of the State means as originally set—\$4,500,000.00. There is an immediate saving to the tax payers of Crawford county of \$15,000.00 on the county road proposition alone as well as a reduction in the amount of State tax that will have to be raised. It was only by being able to present a clean, comprehensive statement of local conditions and valuations that our representatives were able to succeed so well. Messrs Bates and Niederer are entitled to the gratitude of the property owners of Crawford county.

PAPA'S SUNDAY AT HOME.

Last Sunday an Atchison man snoozed in bed until 11 a. m. Then he arose, dressed leisurely, had a nice breakfast, read the papers, smoked, loafed, took a nap, and in the evening ate a lunch, read a little, smoked, loafed and was as agreeable as only a thoroughly worthless man knows how to be.

His wife arose early, scrubbed the children and got them off to Sunday School, cooked breakfast, cleaned up the house, cooked dinner, picked up things after her husband and the children, did some darning, got a Sunday night lunch, washed up the dishes, sorted out the clothes, put on the boiler ready for the washing next day, darned some more stockings in the evening—and that night when the children went to bed one of them said to another: "Isn't it nice to have papa home all day? He's so much pleasanter than mama."

Isn't that the way? Worthless people always get the bouquets.—Atchison Globe.

The game Sunday promised to be a tight one. There was a large crowd out to see it. Johnson of Midland went into the box for Gladwin. He was a clever little pitcher and had the other players supported him as they should there would not have been the wide margin in scores. Conway caught. The battery for Grayling was Johnson and B. Laurent. Bellinger got on by being hit by the pitcher and advanced on Wilmont's sacrifice. Karpus fumbled Conway's grounder and Bellinger scored on Schlichter's sacrifice fly, and Conway on a pass ball.

Karpus and W. Laurent each made singles in the first inning but could not get around.

Gladwin's second inning was featured by a single by Johnson and a fine double play by Inaley and Seymour. Inaley recovered Conway's hard grounder and touched out Bellinger and doubled on the batter. In Grayling's inning B. Laurent got a single and Johnson got on through an error by Goode. The side was retired by the strike-out route.

Schlichter got a single in the third. The first two batters for Grayling went out. Then W. Laurent started things by hitting a grounder that bounced over the head of Davis and stealing 2nd. Hull singled scoring Laurent, and took second on the play to catch Laurent. Davis fumbled B. Laurent's grounder and let in Hull. Close got on 1st by an error by Schlichter. Both runners advanced a base. Seymour singled scoring B. Laurent and Close.

In the fourth inning the first three batters up for Gladwin were retired in order. Karpus for Grayling hit a fly to center, Gordon dropping the ball. W. Laurent hit a long drive to deep center for three bases, scoring Karpus.

Fifth Inning. The best Gladwin could do was to draw a couple of walks—Davis and Gordon. For Grayling B. Laurent hit a Texas leaguer and Close singled advancing Laurent to 3rd who scored on a pass ball.

Gladwin started the sixth inning by the first three batters again going out in succession. For Grayling W. Laurent got on by a single and stole third while Hull was being tossed out. B. Laurent singled scoring W. Laurent.

Seventh Inning. Gladwin got one player on first when Karpus was slow in recovering Conway's grounder and was a little off on his leg to first. Grayling—Atwater dropped Seymour's fly to right, but the latter was caught trying to steal home.

8th Inning—In this session Gordon and Goode hit for two bases each, but only the former scored. This was the big inning for Grayling. Karpus started the massacre by tripling. "Dago" Laurent got on by being hit by the pitcher. Wilmont dropped Hull's fly to right. Karpus and W. Laurent scored. Davis' error at short let Close on. Hull scored. Seymour hit a three bagger scoring Close. Gordon muffed Johnson's fly to center. Seymour scored. Burke singled and Johnson scored. Inaley drew a walk.

W. Johnson was replaced by Goode in the box. Burke and Inaley were caught between bases.

9th Inning. After Schwartz and Conway got out Schlichter got on by an error and was caught trying to steal 2nd.

CRAWFORD COUNTY AGENTS COLUMN

Messrs. Brown, Anderson and Mor-tinson of East Geriah in company with the County Agent, made a visit last Monday evening to the farm of James Nolan for the purpose of investigating the silo project. What these gentlemen saw and learned from Mr. Nolan about the quality and capability of silage as a stock feed convinced them that the time for action has arrived, and they are going to get into the game the coming year. At Mr. Nolan's farm may be seen a demonstration of sun flower and corn silage of eight acres that will feed more stock than the best forty acres of hay that has grown in the two counties in the past ten years.

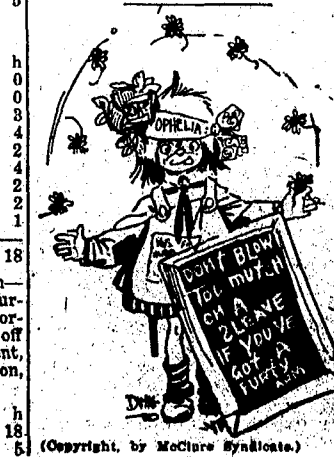

Tip burn on potatoes is showing more every day. This breaking down of the foliage is aggravated by the presence of the leaf hopper, a small green hopper that is found on the under side of the potato leaf. They are very numerous this year, more than ever before in this vicinity. They are also very hard to control, the only spray that is effective being a nicotine solution, black leaf forty diluted 800 to 1000 parts in water. As this solution has to kill by contact, and they are on the under side of the leaf it is a very difficult job. The best control for another year is to rake and burn the vines and refuse from the potato field as soon as possible after digging, as it is under these things that the hopper hides in preparing for winter. The clearing up of the potato vines will help materially on several other pests and diseases as well. An ounce of prevention being worth a pound of cure was never truer than today on the farm in the control of plant disease and insect pest.

The farmers after a summer of hard work are relaxing a trifle and getting together in picnics. The Crawford County Grange picnic held at the Corwin Grove last Saturday was well attended and an enjoyable and instructive program presented. Next Friday the Roscommon Grange hold their picnic at Higgins Lake and it is expected that it will be well attended and a good program is assured.

Pontiac King 187189, the pure-bred Holstein bull furnished by the New York Central railroad, and in charge of the County Agent, which has been at the farm of A. H. Sergeant in Markey township has got to be changed to some other community. The conditions for obtaining the use of this animal are that a farmer take ordinary good care of him, giving him a well ventilated stall and in good light, the same feed that he would a line animal of his own, and that he use the same care in breeding him to healthy cows that he would one of his own. The farmer taking him is allowed to charge \$1.00 for service. The Railroad company has made this investment and is turning it over to the farmers for the sole purpose of aiding in rebuilding the grade of cattle. This bull will be placed with the first farmer in either Crawford or Roscommon counties, who makes application for him, whom the County Agent is satisfied will take good care of him, and has the means of doing it. It would be too bad to allow this animal to be shipped away to some other part of the state or to some other state. So let us hear from you.

There is considerable grasshopper poison in the hands of the several committeemen and the County Agent, which is as yet unused. There should be none if it had been used anywhere near the instructions and directions given. But as it is here and the fall grain will suffer if it should turn hot and dry, every farmer should carefully watch and call on his committeeman or the County Agent for more of the poison. The hoppers are mating at the present time and in a very short time will begin laying their eggs. Every female killed now spoils the chances of about 100 for next year. Let us keep busy. While the campaign has been more educational than economic this first year, yet there has been saved many thousands of dollars worth of grain and other crops by its use this year.

The Rosen rye on the Michelson farm at Houghton Lake threshed 38 bushels per acre. Evidently this field kept pure. Many farmers, who sowed Rosen think they are threshing Rosen this fall when they are not. There has been enough common rye planted to mix it thoroughly until there is hardly a field of pure Rosen rye to be found. Farmers sowing this fall will do well to examine this thoroughly before seeding, as it will mean many bushels and dollars to them next year. This condition of affairs does not only appertain to these counties but to the state at large and the inspectors have had considerable difficulty in finding fields that were unmixt. It would pay better to procure the pure Rosen rye at considerable price than to sow the common variety. The Agricultural college and the County Agents are up against the proposition of doing their work all over, a work that was performed in a very short time, i. e. that of placing the Rosen rye in the hands of the farmers of Michigan in a couple of years, which without any such co-operative effort, and with men in the field would have naturally taken ten years for the same distribution.

An Old Fault Finder.

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. Adv.

A Great Remedy.

The merits of Chamberlain's Colic and Diarrhoea remedy are well known and appreciated, but there is occasionally a man who has no acquaintance with them and should read the following by F. H. Dear, a hotel man at Du-puyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea remedy with such wonderful results that I have since recommended it to my friends." Adv.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatments. Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh medicine that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

A Traveling Man's Experience.

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man." Adv.
